

# **Boil Water Notice Lifted**

**As of 12/13/2024 the Chemung  
County Health Department has  
approved cancellation of the Boil  
Water Notice issued by the  
Village of Millport on 12/10/2024.**

We have received laboratory confirmation that our water meets New York State standards following two consecutive days of testing. The notice was issued due to loss of water pressure in the distribution system resulting from a main break. We apologize for the inconvenience.

**Please contact Millport Village Hall at 607-739-0703 if you  
have any questions.**
